Feedback on the teaching-learning process is received from students as StudentsSatisfaction Survey and Overall feedback form based on structured questionnaire framed and approved by the IQAC of this college. Feedback is received also from faculty members and alumni through structured questionnaire. The received feedback is analyzed by IQAC and suggestions are provided to the Head of the Institution for action. Teachers also provide formal as well as informal feedback to the head of the institution on different academic, administrative, and other affairs related to the college. Members of anti-ragging committee also receive feedback from students through class **@** Grievances (if any) and necessary suggestions can be registered to the Grievance Redressal cell of the college through the Complain box fixed in the Principal's office, the cell composition is altered every year at the beginning of academic session. Departments receive feedback from parents through parent teacher meetings and discuss different issues related to the overall development of their ward.

The institution has a feedback format for both parents and students. The feedback received are analysed to take necessary steps. The overall feedback from all stake holders are found to be highly satisfactory. The career counselling cells of the college along with Ethics Committee and Grievance redressal cells also collect feedback from students. Besides, a proctorial system is also operative in the college which meet on regular intervals for proper interaction with students.

personal difficulties, if any, have been discussed. Appropriate steps have been taken accordingly. Parents were informed about shortage of attendance, deterioration of academic performanceand other issues at regular intervals. Students' attendance showed a marked improvement through personal contact, counselling and telephonic contacts with parents. Irregularities in classes are found to be due to accommodation problems, financial stress and other health issues. Some of them are also preparing for higher education courses like (C.A,C.S, ICWA and National level tests like NET,GATE,OPSC,UPSC,CLAT, JAM etc.

Describe at least two institutional best practices

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

BEST PRACTICE-I:

Short term Course in English

1. Introduction of Short Term Courses on English Communication.

(i)Objective: To meet the demand of the students regarding enhancement of English communication skill, our college in association and support of Higher Education, Govt. Of Odisha, the short term course on English Communication has been introduced during the session.

(ii) Need Addressed and the context:

English is a global language and teaching and learning of the global language is the need of the hour. Govt. (Autonomous) College is located in the heart of tribal belt of Odisha. The students from different parts of the district are somehow poor in English Communication. The need of English Communication has been realised and intended to introduce a short-term certificate course on English Communication.

(iii) The Practice:

The students those who are interested to develop their communication skill are informed and divided into different groups. After completion of the above course, students are provided certificates from the institution.

(iv) Value Addition:

This certificate course on English Communication will boost the students on their practical skill in English language. This practice will provide a solid platform to the competitive aspirants.

(v) Resources:

A well-furnished language laboratory has been created for the said purpose. A good amount of materials both in software and hardware format are supplied to the young learners during their training session. Experienced teaching faculties monitored the entire teaching learning process. The language laboratory is well equipped with laptop, projector and audio-visual equipment.

BEST PTRACTICE-II

Introduction of ICT class and creations of ICT enabled classrooms:

(i) Objective:

To provide technological support to teaching learning process and to make the students appointed with information technology, the introduction of ICT class and ICT enabled class rooms has been introduced during the session with the help of RUSA project. Information Technology is the need of the hour. By keeping the importance of machine learning process, it is decided to convert the traditional mode of teaching to a technology enabled one.

(ii) Need Addressed and the context:

With the realisation of the necessity of ICT enabled teaching ,classrooms are converted to Smart classrooms. New sets of benches and equipment of ICT tools like laptops, projectors and sound systems are installed in different classrooms of the new academic building. All the required equipment are purchased from RUSA fund. The newly designed classrooms made the process more interactive and live like.

(iii) The Practice:

The ICT class rooms along with Wi-Fi connectivity in the college campus made the environment more academic friendly. To make the class rooms energy efficient, all the class rooms are connected with online UPS system. A technology friendly atmosphere has been created in the college campus.

(iv) Value Addition:

The use of Information Technology in class rooms adds a lot of value to the teaching learning process. The students and teachers are well acquainted with the new technology. Of course this is a paradigm shift from traditionality to modernity. **(v) Resources:**

With the assistance of RUSA project, all class rooms are converted to ICT enabled class rooms. Laptops, printers and projectors are provided to each PG and UG departments as a part of transformation process. The students are also facilitated with class notes and other study materials through WhatsApp groups. A digital cyber library(e-library) is created to provide easy access to different study materials in the Academic world. A total number of 70 computers are provided under cyber library(e-library) project as a mark of technology enhancement in the college campus

7.3 Institutional Distinctiveness

provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust provide the weblink of the institution in not more than 500 words Blood Donation Camp:

Donation of blood for saving the life is a regular practice this institution since long. By realising the necessity of saving the lives through blood donation, the college is arranging this type of blood donation camps every year with the help and support of District Blood Bank, Kandhamal. On an average 50 units of blood is collected each year large number of students and members of staff are involved in the process. The college aiming to continue the auspicious programme in the years to come.

8. Future Plans of action for next academic year (500 words)

- Initiative to be taken to introduce "Objective Question Pattern" for UG students under CBCS.
- (2) Steps would be taken for Revision of UG Courses.
- (3) Issue of Improvement of Lab facilities in different Departments would be taken up.
- (4) Steps would be taken to train girl students through self-defence programme.
- (5) Students and employees would be encouraged to donate blood through blood donation camp in our college.
